

1) Industrial visit to BSNL OFC Unit, Akola

Industrial visit of B. Sc.- II, Sem.- IV (Electronics) students was arranged to visit “Optical Fiber Communication, Main Unit, BSNL, Akola- 444001”, on 03/03/2017. Our Faculty Member Mr. Gajanan S. Wajire organized and conducted this Industrial visit. Students were demonstrated practically with the help of advanced OFC tools, instruments and systems. Total 52 students were benefited by the visit.

Swachhata Pakhawada

Department and college level cleanliness awareness and the related activities for the students were done in first week of October 2017. Maximum number of students as well as departmental staff was involved in this activity.

Educational Visit to Daily LOKMAT

An Educational Tour of BSc II and BSc III year Electronics students was conducted to Daily LOKMAT, MIDC, Kumbhari, Akola on 27th Feb 2019. Total 96 students [BSc II (57) and BSc III (39) year] accompanied by the two Teachers; Niteen Mohod and Mrs. Anjali Deshmukh and one assistant Mr. Sanjay Pawar visited the Lokmat.

It's basically a Printing Unit of Lokmat. Initially at 11:30 am a power point presentation was done by Mr. Bawaskar, Production Manager of the Unit wherein he has covered all the processing steps during Printing. Followed by the presentation the question answer session was conducted wherein the questions posed by the students were answered by Mr. Bawaskar itself. Thereafter a round was taken by the students to various units like Printing Unit, Computer to Plate [CTP] unit and Solar Unit of Lokmat Printing Division which they are using to meet their maximum electricity need.

During our visit next day's supplement printing was going on and hence the students could see the live printing. Where they came across the sensor, counter, Computer to Plate and other concepts related to their subject. Total visit lasts for around 3 Hrs and we left the Lokmat office by 3 pm. All in all, the entire visit was successful.

GUEST LECTURE

On 29th February, 2020, Electronics department has arranged a Guest Lecture for students of B.Sc. First year, Second year and Final year Electronics. The topic given to speaker in advance was **'Character Ethics and Moral'**. Ms. Sonal Kame, Asst. Prof., RDG College for Women has delivered the speech upon. The session was beneficial for all the students in the every aspect and is a need of an hour. At the end, all the queries from student's side were resolved satisfactorily.

Visit to National Winner Robotics Model and its Team with Guides

On 3rd March 2020 as a part of curriculum of B.Sc. III S-VI Electronics, under Industrial Visit the final year students were taken to Manutai Kanya School where the work on National Level Winner Robotics Model is going on to participate in International Level Robotics Championship in USA in Apr 2020. The project was done by the 10 school going girls under the able Guidance of Ms. Kajal Rajvaidya, Director KITS, Mr. Arjun and Mr. Vijay Bhattad.

The final year students have seen the project (Live Model) and had healthy discussion with the Team and their Guides. On the occasion Ms. Kajal Rajvaidya and Mr. Vijay Bhattad guided the students about the future trend and the scope for Electronics.

It was really a nice experience for all the students that they came to know many things about the ROBOTICS about which they were really unknown.
