ADVANCE LEARNER SCHEME

The Advance Learner Scheme was implemented during the 2023-2024 academic session for Undergraduate (UG) students in the **Science stream**. The program aimed to enhance the understanding of the subject, provide more learning resources, and help students achieve excellence in their academic pursuits. The scheme was run in both odd and even semester. More than 20 students were selected for the scheme on the basis of their last academic performance

Objectives

- To provide additional academic resources and learning opportunities to students selected.
- To promote advanced learning in the subject
- To better understanding of complex concepts and their applications.
- To monitor and enhance the academic performance of selected students through targeted interventions.

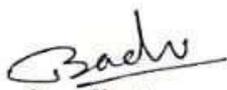

Structure of Scheme and implementation

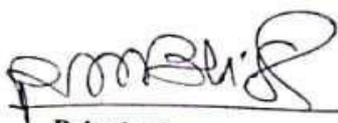

The scheme was framed by components such as

- Preparation of time table, the time table was prepared for both odd and even semester.
- Regular lectures were conducted according to prepared time table, for better understanding the concept various methodologies were included like use of ball and stick model, showing various online videos for understanding concept, group discussion.
- A series of lectures were delivered to the students and stimulate critical thinking. These sessions included group discussion to encourage problem-solving skills.
- Apart from regular lecture study material such as notes, text books and reference books were made available to the students
- The progress of the student was monitored via weekly Unit test, assignment and individual feedback of student

Outcome of Scheme

The student selected in the scheme showed improvement in their marks compared to the previous academic performance. There was a noticeable increase in student engagement. The scheme found to be more effective for enhancing the skills, including problem-solving, critical thinking,

ADVANCED LEARNERS SCHEME
A REPORT ON ADVANCED LEARNERS

The advanced learner scheme was implemented for the academic session 2023 – 24 for all the undergraduate classes of Faculty of Humanities. The program aimed to enhance the understanding of the students in their compulsory and optional subjects (i.e., Marathi, Hindi, English, Marathi Literature, Hindi Literature, English Literature, History, Psychology, Sociology, Political Science, Economics, and Home Economics). The said scheme provided more learning resources and help to the students to make them achieve excellence in their academic pursuit. The Faculty of Humanities responsibly saw it that the scheme ran throughout the academic session 2023-24. The slow learners were the specific target for imparting educational resources and help. More than 20 students were taken up for the scheme on the basis of their last academic performance.

Objectives

- Providing students additional academic resources and learning opportunities
- Promoting advanced learning in the subjects taught in Humanities Faculty
- Better understanding critical and cryptical ideas and concepts in life situations
- Monitoring and boosting academic performance through targeted interventions

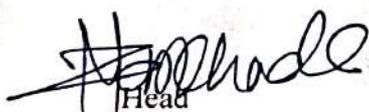

Structure of the Scheme

The scheme was framed by components as under –

- Preparing time table
- Imparting knowledge and learning resources with strict consistency
- Issuing notes, availing textbooks and reference books
- Monitoring progress through weekly unit tests, assignments, and similar other tasks
- Seeking feedback from students

Outcome

The students chosen for the scheme showed factual improvement in their academic performance. There was distinct/visible increase in students' engagement in the scheme. The scheme proved to be quite effective for inculcating hard and soft skills and critical thinking.

Report of Advance Learners 2023-24

After taking regular classes for a week for students admitted to B. Com first year, advance learners were identified through the multiple-choice questions online test on common commerce knowledge and their performance assessed. A meditation program was organized for increasing their focus towards learning (a separate sheet attached). For the quick response of the student's queries and doubts as well as to share e-content of study materials, free open educational resources, a WhatsApp group was created and activated whole academic year. As per need, regular classes and counseling sessions were taken between 11:30 am and 12:30 pm (a separate sheet attached). They were also given regular mock exams and their answer sheets were evaluated, and most of students succeeded in the university exams summer 2024.

From the assessment and performance of first year and second year, they are included in the next consecutive batches for advance learnings. E-content also provided to them in the Whatsapp group and also assessment have been done for academic year as well as their performance in the university exam have been compared. Most of students are well performed in the university examination.
