Report on
International Women Day
2023-24

On the auspicious occasion of International Women's Day, a workshop on self-awareness: "A Step Towards Happiness" was organized on 19/03/2024 by Department of Chemistry, under the guidance of the esteemed Principal Dr. A. L. Kulat. The workshop aimed to address various aspects of happiness and how one can take steps to enhance their well-being. It commenced with an introduction by Mrs. Aditi Pohare, highlighting the importance of happiness in one's lives and the significance of taking proactive measures to achieve it. Mrs. Aditi Pohare, a prominent figure in the community, who provided excellent guidance throughout the event.

The program commenced with a vibrant dance performance by the students showcasing women empowerment, symbolizing strength, resilience, and unity among women. This was followed by the ceremonial lighting of the lamp, signifying the enlightenment and empowerment of women in society. Dr. Samidha Kadu, delivered an insightful introduction, setting the tone for the workshop.

Throughout the workshop, attendees engaged in discussions and activities focusing on self-care, mindfulness, and positive thinking. Mrs. Aditi Pohare shared her insights and experiences, emphasizing the importance of self-love, setting boundaries, and prioritizing mental health.

Participants were encouraged to reflect on their own lives and identify areas where they could make positive changes to enhance their happiness. Practical tips and strategies were provided, empowering women to take control of their emotional well-being and lead fulfilling lives.

The workshop concluded with a Q&A session, allowing attendees to seek further clarification and share their thoughts and experiences. Feedback from participants was overwhelmingly positive.

The event was meticulously organized by the Department of Chemistry, with dedicated faculty members ensuring smooth coordination and execution of the program. Their efforts in facilitating such an impactful workshop were commendable and contributed significantly to its success. The workshop itself was conducted by the enthusiastic students of B. Sc I.

The Principal graced the occasion with his presence and delivered an inspiring address. Overall, the workshop on "A Step Towards Happiness" was a resounding success, thanks to the collaborative efforts of Mrs. Aditi Pohare, the Department of Chemistry, the students, and the support of the Principal. It served as a platform for women to come together, share experiences, and embark on a journey towards greater happiness and fulfillment. The event left a lasting impact on all participants, inspiring them to strive for personal growth and empowerment in their lives.

A Report

On

World Breast Feeding Week

2023

Department of Home science

Shri Shivaji College of Arts, Commerce & Science, Akola.

Breast feeding gives all human beings the opportunity to have a fair start in life.

1st August to 7th August every year is celebrated around the world as Breast Feeding Week to encourage breast feeding and improve the health of babies around the world.

Importance of breast feeding:

Mother's breast milk helps keep the baby healthy. It supplies all the essential nutrients in the proportions. It protects against diseases, like diabetes and cancer. It is easily digested – no constipation, diarrhoea or upset stomach in baby.

Advantages of Mother's milk:

- 1) Higher content of ascorbic acid and iron.
- 2) Higher content of polyunsaturated fatty acids.
- 3) Higher content of cystine in proteins..
- 4) Low mineral content and low buffering capacity.
- 5) Less load on the kidney.

The Department of Home Science, Shri Shivaji College of Arts, Commerce & Science, Akola celebrates the Breast Feeding week every year to spread awareness about breast feeding and its importance for child's and mother's health.

Here is a report of the celebration.

World AIDS Day Program

**Shri Shivaji College of Arts, Commerce and Science,
Akola**

Department of Biochemistry

World AIDS Day

Report:

Date: 1 Dec 2023

Department of Biochemistry, Shri Shivaji College in Akola recently celebrated World AIDS Day on December 1, 2024, with a series of impactful activities aimed at raising awareness about HIV/AIDS and promoting education, support, and understanding within the college community.

Led by the MSc Biochemistry students and supported by the respected college principal, a unique symbol for AIDS was created. This symbol served as a powerful visual representation of the college's commitment to fighting HIV/AIDS and supporting those affected by the disease.

In addition to symbol creation, a rally for awareness was organized. Participants engaged in distributing informational materials, sharing personal stories, and interacting with others to educate them about HIV/AIDS prevention, treatment, and support. The rally served as a proactive means of reaching out to the college community and beyond, spreading important messages about HIV/AIDS.

The World AIDS Day activities received positive feedback from the college community, with participants expressing appreciation for the opportunity to raise awareness and show support for those affected by HIV/AIDS. The events facilitated meaningful dialogue, encouraged understanding, and promoted solidarity in the fight against HIV/AIDS.

The World AIDS Day celebration at Shri Shivaji College in Akola on December 1, 2024, was a resounding success, showcasing the collective efforts of students, faculty, and staff to address the challenges of HIV/AIDS through education, awareness, and community engagement.

Principal of the college Dr. A.L. Kulat, Dr. Ashwini Balode Head Department of Biochemistry and other faculty members including S.M. Patil, Mr. S.S. Bhutekar, Mr. R.L. Dabhade has actively engaged the students for the conduction of this program.

To	The Principal Shri Shivaji College of Arts, Commerce and Science, Akola																																										
Respected Sir,	<p>Since many years, Department of Biochemistry and Health Centre of our college has been conducting health check-up camp every year. This year as a part of celebration of 125th 'Janmashatabdi year' of Dr. Panjabrao alias Bhausaheb Deshmukh, IQAC and Department of Biochemistry wish to organize free health check-up camp as a community outreach programme on 27th Sept 2023 which will help in monitoring blood parameters like blood sugar, haemoglobin, blood pressure, oxygen level and blood group of the tribal people from the village Bhaurad and Bhildurg, Tal-Malegaon, Dist Washim. We wish to conduct this activity in collaboration with NCC, NSS unit of our college and Rotary Club of Akola Midtown. For smooth conduction of this camp at such a rural place, we kindly request you to grant permission for the purchase of following items:-</p> <p>Details of expenditures are as follows,</p> <table border="1"> <thead> <tr> <th>Sr. No</th> <th>Name of Item</th> <th>Quantity</th> <th>Amount</th> </tr> </thead> <tbody> <tr> <td>1</td> <td>Anti A,B,D sera</td> <td>60 ml X 1 Kit</td> <td>775</td> </tr> <tr> <td>2</td> <td>Lancets</td> <td>100X2 Packets</td> <td>250</td> </tr> <tr> <td>3</td> <td>Cotton Bundle</td> <td>02</td> <td>220</td> </tr> <tr> <td>4</td> <td>Hand Gloves</td> <td>1 box</td> <td>420</td> </tr> <tr> <td>5</td> <td>Accu check Active Tab</td> <td>50 strips</td> <td>775</td> </tr> <tr> <td>6</td> <td>Digital Hb meter</td> <td>01</td> <td>9550</td> </tr> <tr> <td>7</td> <td>Water Jars</td> <td>05</td> <td>150</td> </tr> <tr> <td>8</td> <td>Miscellaneous</td> <td></td> <td>1000</td> </tr> <tr> <td></td> <td></td> <td>Total</td> <td>13,140</td> </tr> </tbody> </table>			Sr. No	Name of Item	Quantity	Amount	1	Anti A,B,D sera	60 ml X 1 Kit	775	2	Lancets	100X2 Packets	250	3	Cotton Bundle	02	220	4	Hand Gloves	1 box	420	5	Accu check Active Tab	50 strips	775	6	Digital Hb meter	01	9550	7	Water Jars	05	150	8	Miscellaneous		1000			Total	13,140

Subject: Regarding organization of health checkup camp in tribal region village Bhaurad as a joint project

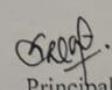

Sir,

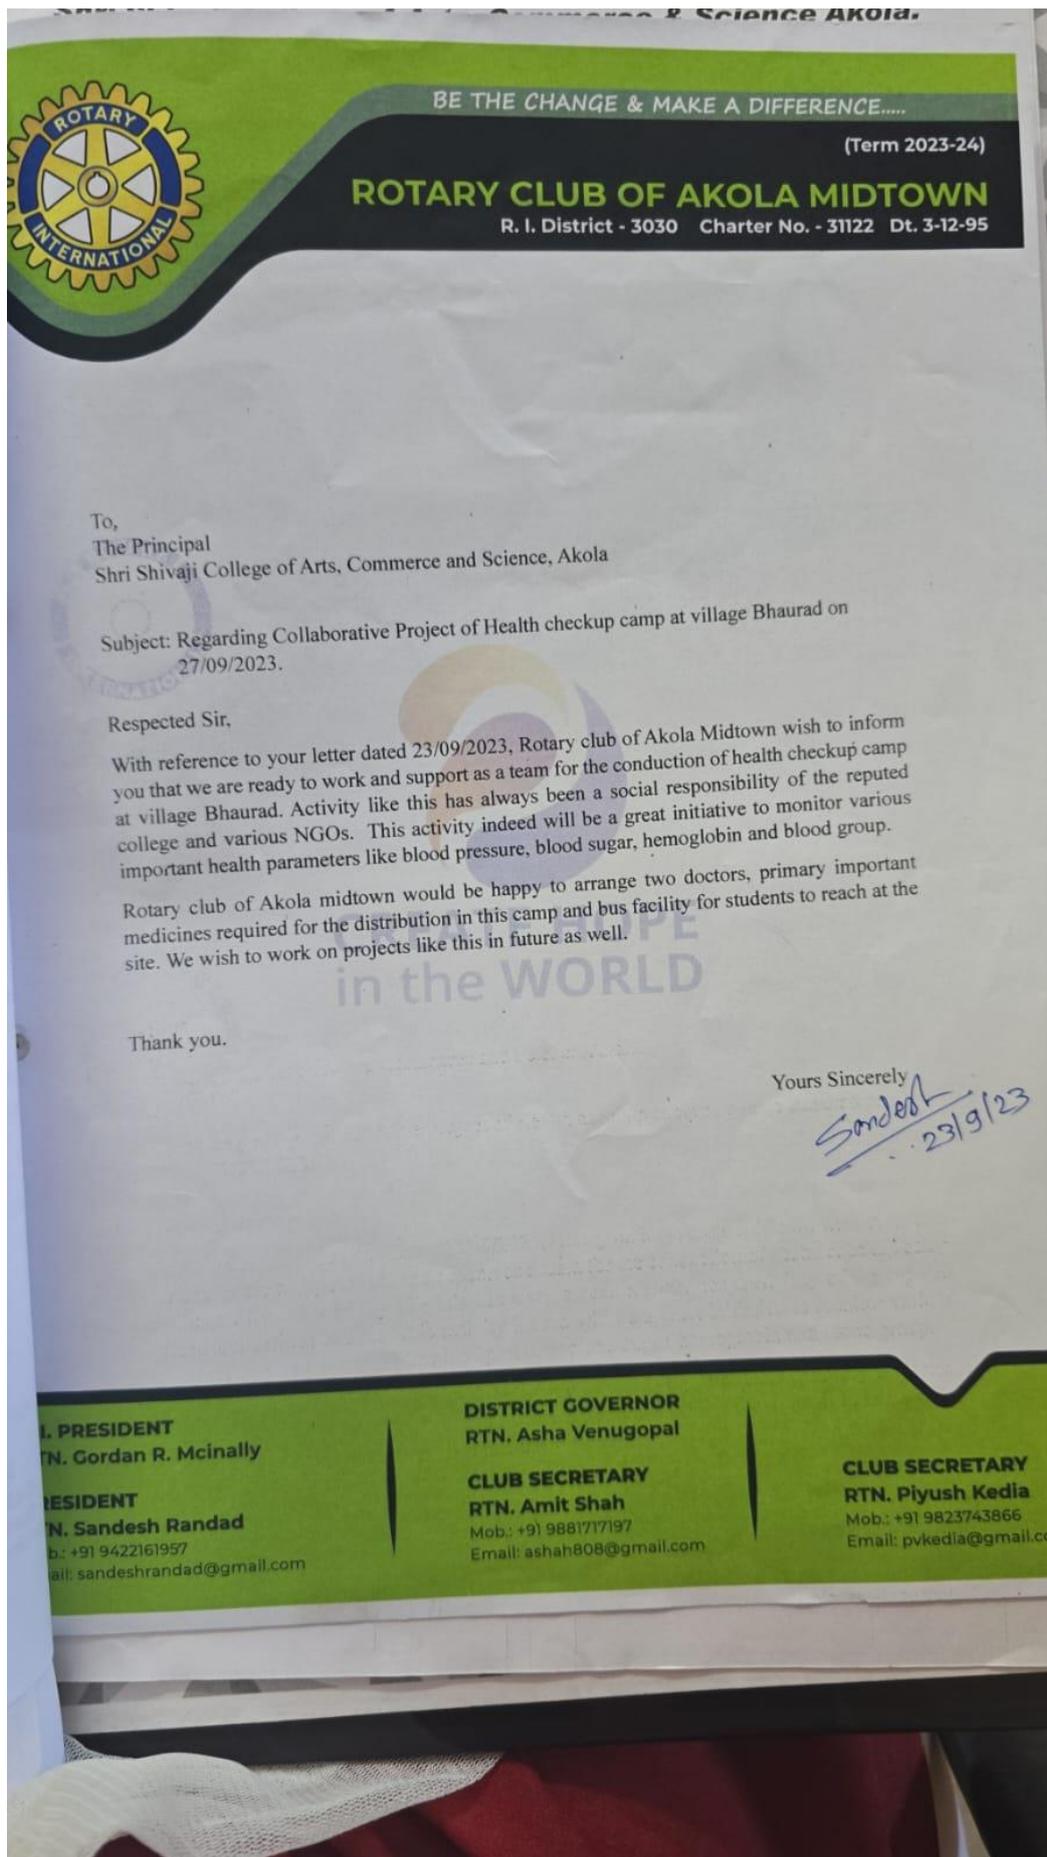

Organization of health checkup camp has been a best and yearly conducted activity of our Department of Biochemistry, Shri Shivaji College of Arts, Commerce and Science Akola. This year we wish to organize this camp as a joint project with Rotary Club of India, Akola. Around 25 students of our department along with your team of rotary club can organize this camp on 27 sept 2023 which will help in monitoring important health parameter like blood group, blood sugar, blood pressure and hemoglobin levels of the tribal people from the village Bhaurad and Bhildurg, tal- Malegaon, Dist- Washim.

Therefore, we request you to participate and support for organization of this health checkup camp.

Thanking you in anticipation

Health checkup Camp

Date: 27/092023

Location: Bhaurad, Bhildurg
Tal. Malegaon,
Dist. Washim

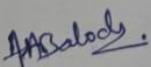

The health checkup camp held in the villages of Bhaurad and Bhildurg, located in the Tal Malegaon of Washim District, was a significant initiative organized by the Department of Biochemistry at Shri Shivaji College of Arts, Commerce, and Science in association of Rotary Club Midtown Akola. This event aimed to address the healthcare needs of residents in these rural and tribal areas and make a positive impact on their well-being. The camp was inaugurated by prominent figures, including Dr. Kibe, Dr. Ashish Raut, the IQAC coordinator of the college, and Dr. S.G. Shende, the head of the Science faculty at the college. Their presence and support added credibility to the event, emphasizing the importance of community health and the role of educational institutions in promoting it.

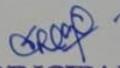

The camp provided a range of essential medical services, including blood pressure checks, blood group testing, weight measurements, and the provision of basic medications. Two MD doctors were present, lending their expertise to the event and ensuring comprehensive assessments and recommendations for the attendees. In total, 251 people from the villages were checked during the camp, demonstrating a significant outreach effort.

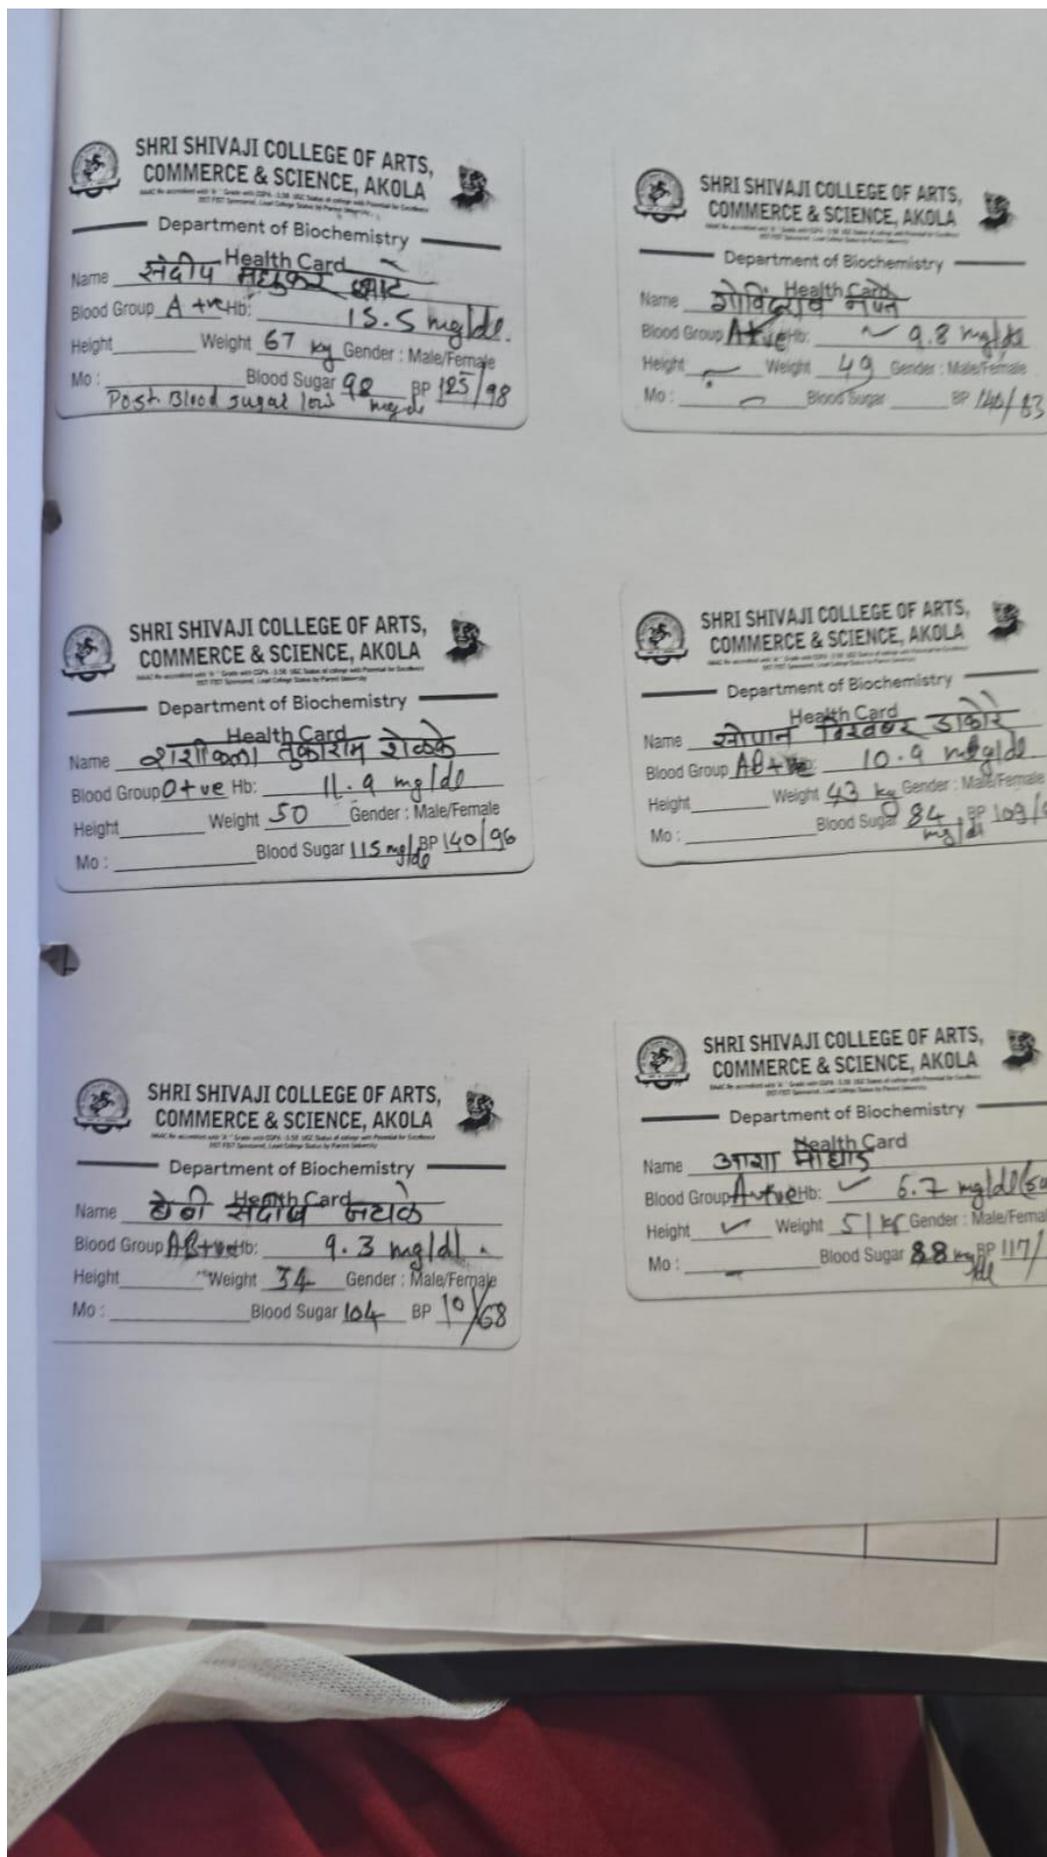

The community's engagement and response were commendable, with attendees receiving immediate medical attention, prescriptions, and necessary medications. The camp detected various health issues, both minor and major, which were addressed promptly, contributing to the improvement of the residents' overall health. This initiative was not without its challenges, but the dedication and collaborative efforts of the organizers, medical professionals, and the community led to its success.

The potential impact of this health checkup camp on the health and well-being of the residents in Bhaurad and Bhildurg is substantial. It represents a crucial step toward providing healthcare services to underserved communities and highlights the college's commitment to community engagement and public health.

The organizers would like to extend their heartfelt thanks to all individuals and organizations that contributed to the success of this event. In the future, the department aims to continue such initiatives, further strengthening community health in these rural and tribal regions. This summary report serves as a testament to the importance of community health outreach and the positive impact that dedicated individuals and educational institutions can have on the well-being of underserved communities.
